

SILENCER_{co}

Just over 11 years ago we started SilencerCo in a garage, machining and welding each suppressor by hand. Since that time, we have built more suppressors than any other company and continue to deliver only the highest quality products to our customers. Like many businesses, we suffered ups and downs over the years, yet always pushed through.

Today, with the strongest work force and most loyal customer base in the industry, we continue to design and deliver the most innovative and reliable suppressors on the market.

Owning A Silencer Doesn't Have To Be Difficult

A quick reference guide to provide you with the simplest and most pleasant silencer buying experience possible. Our full step-by-step guide, the SuppressEd EasyGuide is available on our website **for free** at **silencerco.com**.

SHOULD I PURCHASE AS AN INDIVIDUAL OR A TRUST?

To purchase a silencer, your dealer will legally transfer the silencer to you with approval from the BATFE. You will need to decide if you want to purchase as an individual or through an NFA trust. An individual gives you, the individual, full ownership of the silencer. An NFA trust gives you, the trust owner, and trustees (responsible persons) ownership of the silencer.

TRUST
