

SPARROW™ 22

USER SERVICEABLE

MULTICALIBER

FULL AUTO RATED

QUIETEST

OUR FLAGSHIP PRODUCT. INTRODUCED IN 2008.

One of our first products ever and still the best selling rimfire silencer ever, the Sparrow™ 22 was designed with simplicity, durability, and user serviceability as its core objectives. It is the shortest rimfire silencer on the market, has the quietest 10-round average of any silencer in its class, and can go 2,000 rounds between cleanings. Patented Multi-Part Containment (MPC™) technology facilitates ease of

disassembly and reassembly – an essential function of .22LR suppressors. The internal MPC™ construction uses two half tubes that pull away from a monolithic core, which ensures that the Sparrow 22 will remain easy to clean after extended periods of use with notoriously dirty rimfire ammunition. The Sparrow 22 is compatible with multiple calibers up to 5.7mm and is full-auto rated for .22 long rifle.

- MULTI CALIBER COMPATIBILITY AND RATED FOR FULL AUTO FIRE.
- QUIETEST – REDUCES SOUND TO 112.7 DB WHEN USED WITH .22 LR.
- FEATURES MONOLITHIC CORE AND SIMPLE INTERNAL STRUCTURE FOR EASY CLEANING.
- CLEANING RECOMMENDED AFTER 2,000 ROUNDS – AN INTERVAL UNMATCHED IN ANY COMPETITORS' PRODUCTS.
- BEST SELLING RIMFIRE SILENCER...EVER.

SPECS

Caliber	.22 LR*, .17 WSM, .17 HMR, .22MAG, .22WMR, .22 HORNET, 5.7 X 28MM
