

# SPECTRE 22

USER SERVICEABLE

MULTICALIBER

FULL AUTO RATED

The Spectre™ 22 has the quietest first round “pop” of any rimfire silencer and is made of durable stainless steel construction, which enables it to handle a range of ammunition from .22LR to 5.7mm. SilencerCo’s unique CTA™ (Click Together Assembly) baffle design makes the

Spectre 22 equipped to handle the harshness and debris of rimfire ammunition with ease. After heavy use — even full auto .22LR — the Spectre 22 will remain exceptionally quiet, reliable, and user-serviceable.
