The keys to innovation can be found anywhere ambition dwells, even within the walls of a humble garage. The kindling of inspiration ignited by one simple motivation. To do it better.

Through experimentation and struggle, great ideas come from the hours of nightly ritual.

We’ve fought the noise and began a revolution that impacted with industrial fervor. The age of silence brought back from the dead and made accessible to those it had been kept from for decades.

Peering through diverse lenses, we test and retest, we push ourselves until something breaks, find out why, then start over. With every success, a thousand failures, and for every failure invaluable knowledge is gained. These new paths formed from trial and error have led our obsession for details that craft precise innovation.

We’ve taken risks, watched dreams run headfirst into commercial failure, and felt helpless as good intentions sparked unintended consequences. We are no stranger to turbulent waters because we understand that you can’t disrupt an industry without shaking it up. “Playing it safe” is something we leave to those who care more about the bottom line than they do raising the bar.

We have no tolerance for mediocrity and would rather burn in the fiery chasm of failure than to watch ourselves fizzle out in the slog of normalcy.

Our gratitude for the past is immense. It’s the foundation that our future builds upon. And while our garage is a little bigger than it once was, the driving motivation established over a decade ago continues to fuel the unquenchable nature of our obsession to do it better.

It would be easy to avoid risk, hit cruise control, and rely on past successes to stay in business, but that’s not why we get up bed in the morning.

We strive to make the best for our customers because they deserve the best. And make no mistake, we are just getting started.

How To Buy

A quick reference guide to provide you with the simplest and most pleasant silencer buying experience possible. Our full step-by-step guide, the SuppressEd EasyGuide is available on our website for free at silencerco.com.

Should I Purchase As an Individual Or A Trust?

To purchase a silencer, your dealer will legally transfer the silencer to you with approval from the BATFE. You will need to decide if you want to purchase as an individual or through an NFA trust. An individual gives you, the individual, full ownership of the silencer. An NFA trust gives you, the trust owner, and trustees (responsible persons) ownership of the silencer.

Errors in your submission may cause delays. Follow the mailing checklist to ensure you haven’t missed any necessary steps.

Individual

Purchasing a silencer as an individual is convenient and quick

INDIVIDUAL BENEFITS

No Legal Costs
Less Paperwork
Smaller Margin of Error

Trust

Purchasing a silencer through an NFA trust provides flexibility and peace of mind

TRUST BENEFITS

Multiple Person Ownership
Add New Owners At Any Time
Property Protection After Death

Errors in your submission may cause delays. Follow the mailing checklist to ensure you haven’t missed any necessary steps.

CLEO Mailing Checklist

- CLEO Copy of BATFE Form 4 (5320.4) (Application for Tax Paid Transfer and Registration of Firearm)
- CLEO Copy of BATFE Form 5320.23 (National Firearms Act Responsible Person Questionnaire)
- All responsible persons mail a copy of their Form 5320.23 to their respective CLEO

BATFE Mailing Checklist

- ATF Copy 1 & ATF Copy 2 Form 4 (5320.4) (Application for Tax Paid Transfer and Registration of Firearm)
- ATF Copy 1 & ATF Copy 2 Form 5320.23 (National Firearms Act Responsible Person Questionnaire)
- 2 copies of passport photos to Item 15 of each Form 4, do NOT staple
- Original FBI Form FD-258s (Fingerprint Card)
- Photocopy of Notarized Trust Documentation
- ATF Check to Bureau of Alcohol, Tobacco, Firearms, and Explosives
- ATF Copy 1 & ATF Copy 2 Form 4 (5320.4) (Application for Tax Paid Transfer and Registration of Firearm)
- ATF Copy 1 & ATF Copy 2 Form 5320.23 (National Firearms Act Responsible Person Questionnaire) from all reasonable persons
- 2 copies of passport photos to Item 3a on Form 5320.23 do NOT staple
- Original FBI Form FD-258s (Fingerprint Card) from all responsible persons/trustees

RIFLE SILENCERS / ALL PURPOSE
The Omega 36M is a two-piece modular design with a fully welded core, front, and rear. The rear core contains Cobalt 6 and Inconel baffles which provides extreme wear resistance under high heat and heavy fire. The front core consists of a new lightweight 17-4 baffle design to save weight while still providing high wear resistance. The titanium outer tube with lock-ring prevents tube loosening and reduces weight. The 36M is finished with a black Cerakote for a heightened level of durability.
